

## Architecture

## Equipment deployed

### IoT infrastructure

- 41 gateways (13 + 28) smartphones, tablets
- 5 Equimetrix
- 8 presence
- 3 door sensors
- 9 FitBit

## Services & Apps in use

Formal carers dashboard

Elderly app

## Data collection

- Geolocation & public transportation Open Data
- Physical activity: steps, distance, sleep quality
- Mindfulness sessions
- Brain training games parameters & cognitive categories
- Apps usage & bugs tracker

## Installation, training & support
